

Future Workforce

Assoc Prof Ang Seng Bin

Chair of Board of Directors
(AMKFSC Community Services Ltd)

A/Prof Ang has been active in the community. He is currently the Board Chairman at AMKFSC Community Services Ltd; Board member, Toteboard; Board member, AIC, and is the immediate past chairman of the Board at Shine Children and Youth Services.

Being a great believer of utilising technology to improve productivity, A/Prof Ang managed to catalyse both Shine and AMKFSC to adopt new work processes and technology to provide greater flexibility for hybrid working even before the Covid-19 pandemic.

Mr Peter Ho
Executive Chairman
(Hope Technik)

Peter is Executive Chairman of HOPE Technik Pte Ltd, a company he co-founded in 2006. HOPE Technik has businesses in the engineering of Professional Service Robotics and Special-Purpose Vehicles.

Peter received his Bachelors' Degree in Mechanical Engineering from the National University of Singapore in 2003 where he started the NUS Formula SAE racecar engineering team as well as the programme for the Robotic Exploration at the Great Pyramid in Egypt with National Geographic.

Peter subsequently joined Team Petronas Touring Cars, a racecar engineering team that competed in the British, German and Asian Touring Car Championships, which he concluded this stint as the Chief Engineer.

Having satisfied his decade-long thirst for racecar engineering, he returned to Singapore and co-founded HOPE Technik (together with Michael Leong, Jeff Tang and Ng Kiang Loong). HOPE has grown into a leading engineering company in Singapore with a global clientele of multi-national companies and government agencies in sectors including healthcare, defence, homeland security, semi-conductor, food and various commercial/ industrial arenas.

Peter was awarded the Outstanding Young Alumni Award from NUS in 2009 and was a finalist for 'Singaporean of the Year 2015' by the Straits Times.

Peter holds/held various appointments across engineering, agriculture, education and as Board Member in government agencies.

Ms WiWi Goh

Google Market HR Lead, SG,
People Ops (Google)

WiWi has been with Google for over 4 years and is currently the Market HR Lead for Singapore. Before this, she was the Chief of Staff to the Next Billion Users and Payments team, supporting the growth of the global product team.

Prior to Google, she headed up Business Insights and Analytics in Apple, and managed Partnerships for YouTube across the region. Her first job was in the Singapore EDB where she worked in Singapore and France.

Outside of work, WiWi loves home fermentation experiments, and is always happy to learn what you think is the best BCM in Singapore.

Moderator:
Dr Gog Soon Joo
Chief Skills Officer & Chief Futurist
(SkillsFutureSG)

Dr Gog Soon Joo is the Chief Skills Officer at SkillsFuture Singapore, a statutory board under the Ministry of Education. She oversees the skills development system in Singapore, through working with tripartite partners in the identification, dissemination and measurement of the skills needs of Singapore's economy. She works with global researchers, EdTech, HRTech and CareerTech partners in shaping the skills ecosystem.

Dr Gog serves as council member at the WEF Global Future Council for Education and Skills; member of the Advisory Board at the Nanyang Technological University Centre for Research and Development in Learning; and member of the International Committee of Experts for UNESCO Global Network of Learning Cities. She is an alumnus of Nanyang Technological University in Singapore, University College London and Oxford University in the UK, and George Washington University and Singularity University in the US, and HEC-Paris in France.
